

Customer Stories - Amazon

A customer on the German version of Amazon was searching for children's clothing when they discovered this t-shirt. They were horrified at both the objectifying nature of the shirt and, even worse, that it was modeled by/made for adolescent girls.

One mother contacted NCOSE when her teenage son showed her the dozens of graphic tees with full frontal nudity and sexually objectifying depictions of women that showed up when he was simply looking for a t-shirt.
